

Kid City Christian Preschool

Kid City Christian Preschool ("KCCP") provides a wide range of age appropriate early education experiences for children from one to five years of age (Pre-K). KCCP's Full Day Preschool and Parents Day Out learning programs are based upon an age targeted "WEE Learn Curriculum Guide" developed by early education specialists from Life Way Christian Resources.

The WEE Learn activity-based curriculum is designed to educate young children by providing individual and group experiences. There is a balance of choices through creative expression and indoor and outdoor play. Learning center activities allow children to learn through experience as well as auditory comprehension. The WEE Learn curriculum is biblically based. KCCP teachers invite conversation and provide a flexible learning/activity schedule within a familiar routine.

Spiritual, physical, mental, emotional and social development at KCCP are equally important for young children. KCCP teachers seek to instill in children a love for learning while working with parents. The goal is to lay a foundation for understanding God, Jesus, the Bible, church, self, the family, others and the world around them.
